DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 3-11 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Neither applicants have pointed out nor the examiner can identify the full support for the newly added limitation in claim 3, "propylene homopolymers having no more than 0.6 wt percent xylene soluble fraction and a halogen content of no more than 10.1 ppm".

Applicants believe that the newly added limitation in claim 3 is properly supported by applicants' disclosure as shown in Table of page 19, Examples 1-3. However, it is the examiner's position that the disclosure of Examples 1-3 as shown in the Table only support three sets of isolated data points rather than the whole claimed ranges of the rejected claims. Therefore, the rejections under 35 USC 112 1st paragraph are deemed proper.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
